AFFIDAVIT UNDER 37 C.F.R. §1.132

To: Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

John M. Nugent, being duly sworn deposes and says:

1. I am a citizen of the United States of America and a resident of Folsom, California.
2. I am presently a senior engineer at Intel Corporation.
3. The article, Growth of Carbon Micro-trees, cited by Examiner Le describes my own work, and the work of Pulickel M. Ajayan and Richard W. Siegel, which is the subject matter of U.S. Patent Application No. 10/781,460. Pulickel M. Ajayan, Richard W. Siegel, and myself are the sole inventors. B. Wei and Ph. Kohler-Redlick of the Max-Planck-Institute for Metallforging were listed as co-authors of the article but they were merely working under our guidance. Specifically, B. Wei and Ph. Kohler-Redlick took high-resolution transmission electron microscopy images of the microtrees of the present invention at our request.

4. I have reviewed carefully the Office Action for the above-referenced non-provisional application dated March 25, 2008. I have also reviewed the application and the references cited in the rejections of the pending claims, particularly.

5. I further declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both under 18 U.S.C. § 1001 and that willful false statements may jeopardize the validity of this application and any patent issuing therefrom.

A handwritten signature in black ink, appearing to read "John Doe", is written over a horizontal line.
